SUMMER COURSES

Introduction to Photography

The Photographic Studio

Photography on Location

Advanced Digital Photography

ARTS
UNIVERSITY
COLLEGE
BOURNEMOUTH

DESIGNED FOR INDIVIDUALS WHO ARE LOOKING FOR THE ADDITIONAL SKILLS, OUR PHOTOGRAPHY SHORT COURSES ENABLE YOU TO TURN AN INTEREST INTO SOMETHING MORE REWARDING.

EACH SUCCESSIVE SHORT COURSE CAN BE COMPLETED INDIVIDUALLY OR AS A 4 WEEK PROGRAMME.

INTRODUCTION TO PHOTOGRAPHY

WEEK 1

A not to be missed opportunity to learn all you want to know about how to manually operate a camera and take 'great' pictures.

Through a series of lectures, demonstrations and practical workshops you will learn how to effectively use your camera in order to achieve creative control.

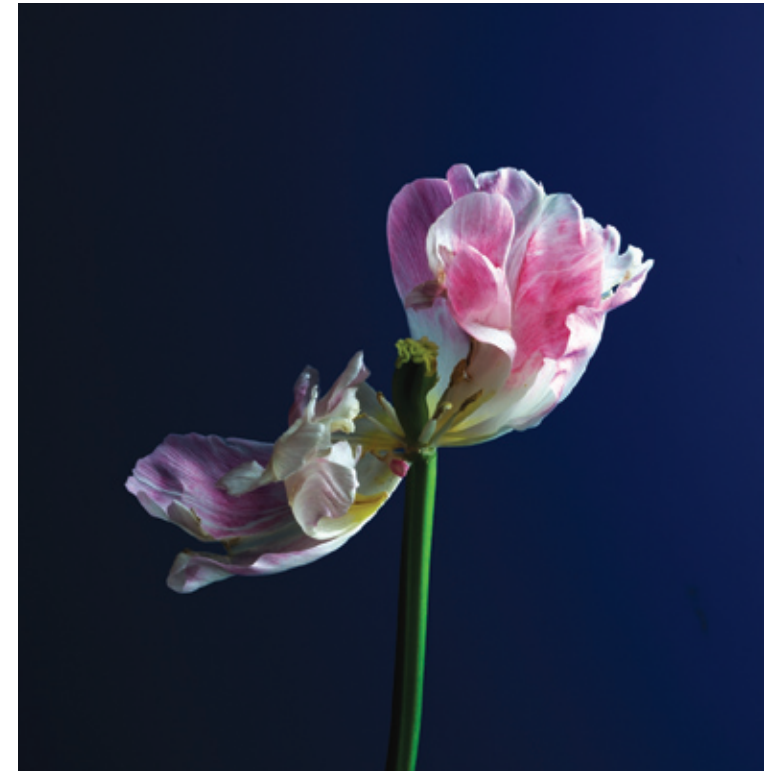

You will learn the basic principles and practice of photography and study the work of celebrated photographers.

You will begin to understand shutter speed, aperture, lens control and picture making components such as composition, subject and lighting.

This is the perfect introduction to photography for those with little or no experience and is suitable for both digital and film users.

JULY

Course Fees £495.00

THE PHOTOGRAPHIC STUDIO

WEEK 2

This popular experimental course allows you to develop your photographic skills. The course focuses on digital photography and creative picture making.

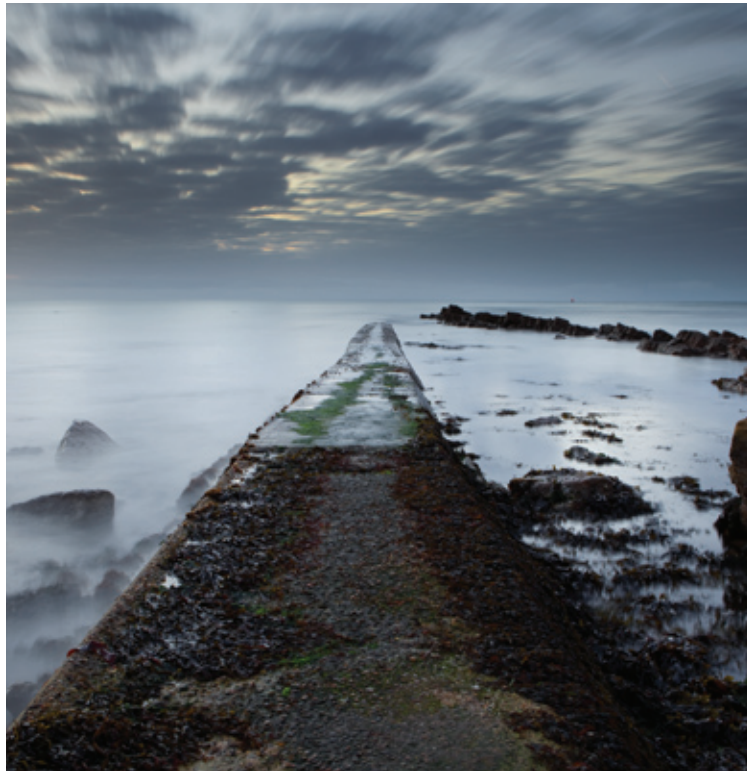

Working with industry professionals and academics you will study different aspects of photography, including camera functions, equipment, colour management, digital printing, studio lighting, portraiture, still life and location photography, whilst developing your own creativity and ideas.

There will be demonstrations about how to get the best from your photographic equipment and an opportunity to discuss your images and techniques. You will learn how to shoot interiors and exteriors using available lighting and portable flash equipment. The course will culminate with a small screening.

If you have completed the introductory course or have a sound basic knowledge of camera operation, this course is for you.

JULY

Course Fees £495.00

PHOTOGRAPHY ON LOCATION

WEEK 3

This course is designed for students who already have a good basic level of photographic skills. It aims to develop your knowledge and capabilities to a professional level.

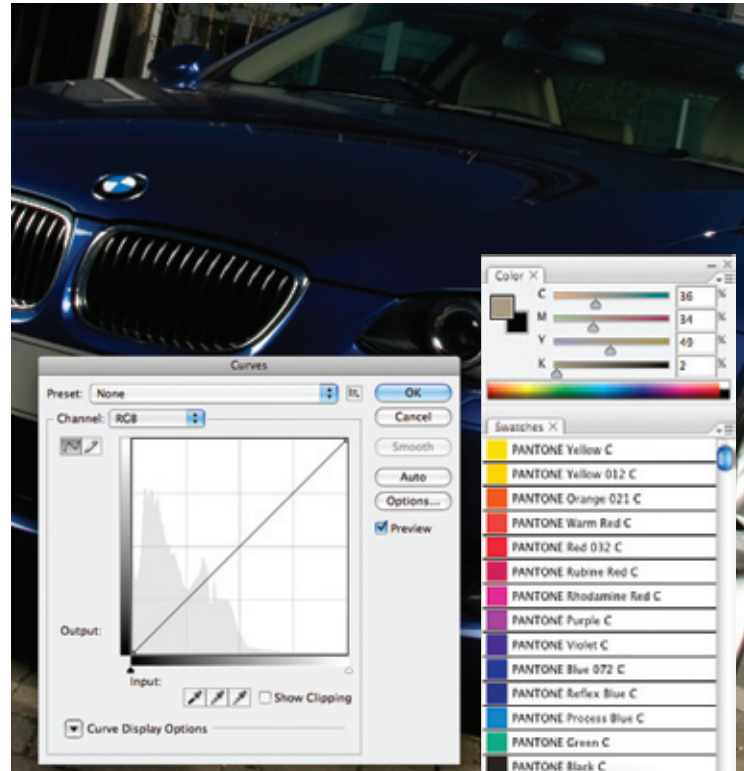

The emphasis of this course is based on a practical approach and consists of workshops and location shoots, covering landscape photography and lighting on location. Using the most up-to-date location lighting equipment this course will concentrate on a wide range of creative lighting demonstrations backed-up with colour management and practical Photoshop techniques.

Photographers will be encouraged to develop their own 'vision and style' from constructive advice and critique sessions. You should have a good existing knowledge of photography to enrol onto this course.

This course will include trips to Dorset's beautiful coastline and Brownsea Island.

JULY

Course Fees £495.00

ADVANCED DIGITAL PHOTOGRAPHY

WEEK 4

This advanced course is designed to take you through to the next stage of your digital photography. Industry professionals will guide you through the most popular commercial standard imaging applications, whilst exploring advanced digital techniques and commercial applications.

You will discover fresh and exciting challenges whilst using the latest digital equipment both in-studio and on location. A visit to one of London's leading digital imaging companies is also included.

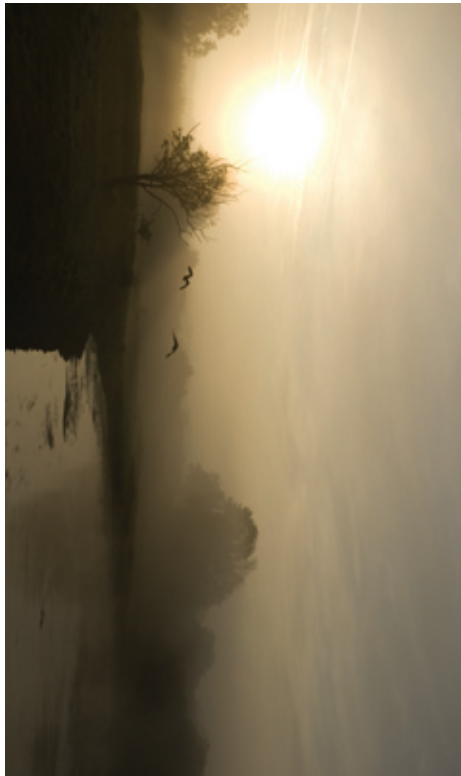

The course will culminate with portfolio workshops and essential advice on print presentation.

You must have a comprehensive understanding of photography and studio practice.

JULY

Course Fees £495.00
